

## Luminaire

# Zuli

121-500D-20GED/830, W

Do you remember the buzzing and flickering lights of your classroom? Fortunately these are long gone. Zuli pendant and surface-mounted LED luminaires ensure comfortable lighting in the classroom, offices and hospitals without these annoyances. These luminaires have direct or direct-indirect emission, with a choice of four lengths and microprism optics, grid and opal diffuser.

## Technical drawing

|                              |                             |
|------------------------------|-----------------------------|
| Type of installation         | Suspended                   |
| Light distribution           | Direct                      |
| Luminaire shape              | Angular                     |
| Colour of the luminaires     | White                       |
| Material                     | Aluminium                   |
| Lifetime                     | L80/B20 50 000 hours        |
| Warranty                     | 5 years                     |
| Description of luminaires    | Luminaire suspended         |
| item description             | White ceiling cup and cable |
| Dimensions                   | 1145 mm × 125 mm × 50 mm    |
| Light source                 | LED MODUL                   |
| DIR optical system           | Asymmetric reflector        |
| Luminous flux*               | 2710 lm                     |
| Colour Temperature           | 3000 K warm white           |
| Luminous efficacy            | 112 lm/W                    |
| MacAdam Light source         | 3                           |
| Colour rendering index       | 80                          |
| Luminaire power input*       | 24.1 W                      |
| Connection of the luminaires | DALI                        |
| Electrical voltage           | 220-240V                    |
| Frequency                    | 50/60Hz                     |
