

Luminaire

Leira

130-731I-10GXX/840, W

Leira smart luminaires will win you over not only with their simple design, but mainly with several ways to control the light intensity. The version with non-dimmable electronic ballast will fit perfectly into areas with permanent lighting, e.g. a lobby while luminaires with a dimmer switch will be appreciated, for example, at the reception. The model with a motion sensor will provide automatic dimming in a meeting room. And the office? The best option there is the version with an addressing unit that dims and lights up all the luminaires in the room on the basis of the detection of people and keeps the room perfectly lit for work. Leira luminaires have been designed as a minimalist element suitable for most interiors with the possibility of rearranging the space without unnecessary installations when you only need to move the luminaire.

Type of installation	Free-standing
Light distribution	Direct-indirect
Luminaire shape	Angular
Colour of the luminaires	White
Material	Aluminium
Lifetime	L80/B20 50 000 hours
Warranty	5 years
Description of luminaires	Luminaire free-standing
Dimensions (l × w × h mm)	0 mm × 0 mm × 0 mm
INDIR optical system	Celar cover
Luminous flux*	10330 lm
Colour Temperature	4000 K cool white
Luminous efficacy	142 lm/W
UGR max. X=4H Y=8H, ρ=70,50,20	99
Luminaire power input*	73 W
Electrical voltage	220-240V
Frequency	50/60Hz

CE IP 20
