

## Luminaire

## Rundo 62 190-280K-10GHD/840, S

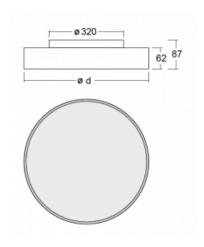

Circular luminaires with an aluminium profile come in height 62 mm feature an excellent efficacy of up to 145 lm/W, which can give the space lightness and appeal. The luminaires are pendant or flush-mounted, with direct or direct-indirect distribution of light creating an interesting light halo. A circular luminaire with a PMMA opal diffuser or microprismatic optical system is suitable for both commercial spaces and households. A playful and interesting effect can be created by combining different diameters. Luminaires can be equipped with a motion sensor, daylight sensor or Bluetooth technology, which allows easy control of the luminaire from your smart device.

| Type of installation                          | Surface, Wall mounted          |
|---|--------------------------------|
| Light distribution                            | Direct                         |
| Luminaire shape                               | Circular                       |
| Colour of the luminaires                      | Silver                         |
| Material                                      | Aluminium                      |
| Lifetime                                      | L80/B10 50 000 hours           |
| Warranty                                      | 5 years                        |
