

Luminaire

Sineli

230-731I-15GHE/830, B

Ordinary free standing luminaires have long been out of the game. We have designed and developed an ideal designer luminaire of the Sineli family, which will provide you with comfort at work and will improve your concentration. The Sineli luminaires are designed for both table mounting and free standing, so you can move them freely at any time, thus adapting the arrangement of the items in the room according to your needs. Sturdy construction and weight prevent accidental tipping over and ensure reliable stability. The shape of Sineli resembles a spaceship arriving from a distant galaxy, which can make your office, meeting room or private apartment look more impressive.
